Radicchio Mustard

RADICCHIO in oil

CACIOTTA MUNCIO

SOPRESSA

LATE-HARVEST RED RADICCHIO IN OIL
The cultivation of late-season red radicchio is one of our farm's specialties. Prepared by hand by expert craftsmen, we do not add any artificial flavors or preservatives, because late-season red radicchio preserved in oil is delicious just as it is.

LATE-HARVEST RED RADICCHIO MUSTARD
Sweet but not too much, our late-harvest red radicchio mostarda is the perfect ingredient to add a creative touch to meat and cheese dishes, or to unique brunch and breakfast spreads.

CACIOTTA Muncio is a cheese made from the farm's own freshly milked milk. It is a raw-milk cheese, produced to preserve the natural goodness of the milk; a short-aged cheese with a soft texture that is fresh and flavorful, appealing to all palates.

SOPRESSA from the asolo hills with a whole fillet.
Sopressa dei Colli Asolani® with Whole Fillet, prepared in the same way as Sopressa dei Colli Asolani®, contains a whole fillet that has been marinated in a dry brine made with salt, pepper, spices, and natural flavorings. The fillet is inserted into the stuffed mixture entirely by hand. It is also aged for two to four months, depending on the size, in special curing rooms that benefit from the pure air descending from the Piave River valley. No milk derivatives or gluten sources are added.

**Products should preferably be stored in a cool, dry place.
